Define the Problem Statements

Date	10 September 2022
Team ID	PNT2022TMID42603
Project Name	Personal Assistant for seniors who are self-reliant
Maximum Marks	2 Marks

Customer Problem Statement:

It is very difficult for the senior citizens(elder people) to remember their medicines. To avoid the skipping up the medicines , they can be remembered by using the voice commands of the medicine names at correct time specified. If the voice commands on the medicine name is not available, they are given the reminder of the medicine by SMS on their phone or to their closest person.
